Graduates receiving a Bachelor of Criminal Justice will demonstrate knowledge and understanding in the areas of law enforcement, courts, corrections, juvenile delinquency, law, constitutional law, research and ethics.	CJUS faculty will create an objective pre-test to be administered in CJUS 2131 Police Process, based on the content of the oral exit exam.	The pre-test was developed by the CJUS faculty and administered in the CJUS 2131 course which is required for the BS/CJUS degree. Less than 50% passed the exam.	The pre-test results will be used as a 'starting point' to indicate the students are learning in the CJUS program as they progress in their education. The students will be administered the oral exit exam in the year of their graduation. Exams and results are housed in the CJUS faculty office.
