

## After the Funeral

We went there to say Farewell.  
Back home  
We lay together.  
Senses relaxed momentarily.  
Rhythmic breath warmed one brow.  
Closed eyes saw inward smiles.  
Open hearts pulled closer.  
Silent feelings shared subconsciously.  
Still lovers still in love.

We lay together.  
Pondering mortality, Wondering if . . .  
Wondering when . . . Wondering who would  
Be  
the one  
remaining and  
the one  
Waiting on the other side.  
Silent questions unanswered.

We lay together.  
Silent answers unquestioned.  
Nothing sure but death:  
Still lovers still in love  
In the grave and Beyond.

We lay together.  
Rhythmic breathing testifying life  
Life guaranteeing death  
Death promising Life
