Overview:

Purpose - The Louisiana Department of Education requires all teacher candidates to take and pass the applicable Praxis II Content Knowledge and Principles of Learning and Teaching (PLT) exams in order to receive initial teacher certification. The EPP mandates that all teacher candidates pass both exams before entering Residency.

Description – The Content Knowledge exam(s) is/are used to gauge a candidate’s knowledge on the subject matter that they will be teaching. The PLT exam covers “Students as Learners”, “Instructional Process”, “Assessment”, “Professional Development Leadership and Community”, and “Analysis of Instructional Scenarios.” ETS has aligned the Praxis II: PLT to the InTASC standards to ensure students have acquired the knowledge and understanding of these categories.
