

## *Student Nurses Association*

LSUA SNA is open to all pre-nursing and nursing students. Our purpose is to enhance nursing education through mentoring and community service, as well as promoting social and professional development.

*SNA members convey standards, ethics and skills that students need to become responsible and accountable leaders and members of the profession of nursing. SNA members are advocates for high quality, evidence based, affordable and accessible health care. They also advocate for and contribute to advances in nursing education.*

***SNA members are nursing students who are prepared to lead the profession in the future.***

# *There are many benefits of being a member of LSUA SNA/NSNA/LASN*
