HONORS EXPERIENCE APPLICATION

Thank you for applying to The Honors Experience at LSU of Alexandria. Applications are reviewed on a rolling basis, and applicants are apprised of their status within two weeks of receipt of the complete application and recommendation letters.

The Honors Experience admits only students who are **incoming first-time freshmen** for Fall 2022 and who are **on-campus** (not 100% online) students.

Admission is competitive. We seek students who not only are gifted academically but are also energetic, highly motivated, and active outside of the classroom. Students should also possess exceptional character and wish to be involved in extracurricular activities across campus. In short, the Honors Experience seeks students capable of significant extracurricular engagement while also maintaining high levels of academic achievement. In reviewing each application, the Honors Experience therefore considers the entire person.

There are no firm minimum criteria in terms of scores; however, it is recommended that students have a high school GPA of at least 3.2 and ACT scores (or SAT equivalents) of least 22. However, these criteria are neither necessary nor sufficient; they will be assessed in the context of other aspects of the application. These criteria do not guarantee acceptance, and occasionally, applicants with lower scores may be admitted because of outstanding elements elsewhere in the application.
