President Felps passes the Children’s Center Fee Resolution around to be read by the assembly. The original Resolution that established the fee of \$7.50 was written and approved by the Student Government at LSUA in the year 1998. President Felps then reads the new resolution which proposes to nullify the children’s center fee. President Felps explains that the Children’s center fee currently only benefits less than 3 % of the total student population. President Felps also states that the original resolution was carried out due to the Children’s center not being able to support itself monetarily, and twenty years later this is still the case as every year had ended in a deficit. President Felps explained that this an unfair fee on the student body, and should be nullified. Senator Hemphill moves to approve the resolution nullifying the Children’s Center fee, and Senator Benham seconds the move.
